Range Telephone Cooperative, Inc.
Annual 54.313 Report of High-Cost Recipient

54.313(a)(5) Satisfaction of Consumer Protection and Service Quality Standards

Consumer Protection

Voice and Broadband

Range Telephone Cooperative, Inc. complies with the requirements of 47 CFR Part 64 Subpart U, Customer Proprietary Network Information and the Federal Trade Commission Red Flag rules to prevent identity theft. A manual for each of those programs is in place and is part of the employees' handbook. Employee training is conducted annually and new hires are instructed on the programs as required by their job functions.

Service Quality Standards

Voice

Range Telephone Cooperative, Inc. complies with the service quality standard rules of the Federal Communications Commission and with those of the State of Montana as promulgated in the Montana Public Service Commission Rules at ARM38-5-3301. New employees are trained on the internal processes designed to meet those standards as required by their job functions. Range Telephone Cooperative, Inc. is committed to providing the highest quality service to its subscribers.

Broadband

Range Telephone Cooperative, Inc. complies with the service standards noted in NECA Tariff #5 and is committed to providing the highest quality service to its subscribers.

Business Continuity and Disaster Preparedness Plan

I. PURPOSE

The primary purpose of the Range Telephone Cooperative, Inc. (RANGE) Business Continuity and Disaster Preparedness Plan is to protect RANGE and its employees from serious injury, property loss, or loss of life in the event of a major disaster. The secondary purpose of the RANGE Business Continuity and Disaster Preparedness Plan is to assure the continuation of communications service to RANGE customers in the event of a Disaster or emergency. A Disaster or emergency constitutes any one of the following: fire, severe weather such as tornado, flood, earthquake, blizzard conditions as set forth by community leader, bomb threat, pandemic or hazardous chemical spill.

In the event of any Disaster or emergency listed, this plan describes the responsibilities and actions to be taken to protect all employees and property.

II. GENERAL PROCEDURES

A Disaster or emergency warning may come from any one of the following sources: commercial radio or television, civil defense radio, office alarm system, messenger, General Manager or police.

A. Notification of Emergency Warning

A person receiving notification of a possible Disaster or emergency should immediately notify their immediate supervisor. The type of Disaster or emergency situation should then be conveyed to all employees with the use of the office emergency alarm and/or paging system.

B. Emergency Control Committee (ECC)

The following personnel will constitute the Emergency Control Committee (ECC). In the event of a Disaster or emergency, they are to report to a designated Emergency Control Center unless the prevailing situation dictates otherwise.

CEO/GENERAL MANAGER

Phone: 406-347-2226

Mobile: 406-351-2195

C. Safety Supervisor

The **OUTSIDE PLANT Manager** has been designated as the Safety Supervisor and serves as the coordinator for all safety and safety training issues.

D. Emergency Control Committee (ECC) Responsibilities

Following is a list of responsibilities assigned to the Emergency Control Committee (ECC):

1. Assess the nature and extent of all emergencies
2. Assume control of all emergency actions.
 - a. Notify and coordinate with Emergency Response, Public Safety Answering (PSAP), Civilian Emergency Response Team (CERT)-County Notification
 - b. Wyoming PSC if necessary 307-777-5722
 - c. Montana PSC if necessary 406-444-6199
3. Communicate emergency to employees
4. Assign tasks to personnel to carry out specific actions
5. Order evacuation if deemed necessary
 - a. Account for all employees
6. Take any other action necessary to protect life
7. Annually review this plan and revise as necessary
8. Plan training exercises to test the evacuation plan
9. Instruct personnel of their duties under this plan

In any Disaster or emergency situation, the ranking member of the Emergency Control Committee (ECC) present shall have final authority to coordinate procedures, and amend, modify or supersede any provisions of this plan in order to ensure employee safety.

E. Emergency Control Center

Emergency actions should be coordinated at the Emergency Control Center, which will be designated as the General Manager's office at

Range Telephone Cooperative, Inc.

Business Continuity and Disaster Preparedness Plan

2325 E. Front Street, Forsyth, Montana.

If the emergency situation warrants the committee members to meet at the RANGE Wyoming Network Operations Center located at 60 West Seymour Street, Sheridan, Wyoming, Montana; it will be the General Manager's responsibility or ranking manager to notify, and give the location where members are needed.

F. First Aid Services

Any member of the Emergency Control Committee (ECC) will administer first aid as needed. He/She will be available to administer first aid in the office, or in the event of a complete evacuation, at a safe assembly area outside the office. In addition, several other RANGE employees have also successfully completed Basic First Aid and CPR training, and may be called upon by a member of the Emergency Control Committee if the situation warrants. - Notify EMS immediately if First Aid or CPR warranted.

G. Utility Controls

The Emergency Control Committee (ECC) members will notify Gas and/or Electric Utility to have the power and/or gas shut off.

H. News Information

Information to any source of the news media will only be released at the discretion of the General Manager or Chief Executive Officer, Chief Financial Officer, Chief Technical Officer or Director of Marketing.

III. EMERGENCY ALARMS

A. Fire Alarm System

In the event of a fire, the alarm system will be activated. In addition, a member of the Emergency Control Committee (ECC) will make an announcement over the paging system stating an emergency exists. Upon hearing the alarm or announcement, employees should, immediately proceed to the designated evacuation site located at the Warehouse Building next to the premises. A roll call using the Fire/Evacuation Plans and Current Employee Roster will be called to ensure employees are safe. In addition, all visitors in the building must be accounted for.

B. Action

When the alarm is activated or an announcement is made, at least one (1) member of the Emergency Control Committee (ECC) shall report to the designated evacuation site outside the office complex. That Committee member should ensure that

outside employees do not re-enter the building. The remaining members of the Emergency Control Committee (ECC) other members should take any necessary actions to ensure safety of the employees and visitors and notify proper agencies for needed services.

Range Telephone Cooperative, Inc.

Business Continuity and Disaster Preparedness Plan

C. Office-Wide Evacuation Alarm

With the exception of a fire alarm, employees should not evacuate the building unless authorized by the Emergency Control Committee (ECC). The signal alarm for an office wide evacuation will be a continuous alarm and/or an announcement by a member of the Emergency Control Committee (ECC) over the paging system stating an evacuation is ordered.

D. Segmented Area Evacuation

The signal/alarm for a segmented area evacuation will also be a continuous alarm and/or an announcement over the paging system by a member of the Emergency Control Committee (ECC), stating a segmented evacuation is ordered. A member of the Emergency Control Committee (ECC) will have the authority to activate this alarm and give appropriate instructions to employees to ensure safety. It is the responsibility of this person to alert all employees as to what type of emergency is occurring and the location of the emergency.

Once at the assembly site, an employee roll call will be conducted and reported to an Emergency Control Committee (ECC) member. In addition, all visitors in the building must be accounted for.

E. Phone Listings

Listings of all emergency telephone numbers are located at the receptionist desk and in the offices of all Emergency Control Committee (ECC) members.

If the emergency occurs during other than normal working hours, the General Manager or Operations Manager will notify the other emergency control team with an announcement of where the control committee will meet. If the business office has not been affected then the conference rooms at the business office, if the office building has been affected then meet at the Warehouse Building location.

IV. EVACUATION SITES

A map of all evacuation sites will be displayed in the **conference room** and throughout the departments. Each map will show the route and exit to take depending on where employees are located in the office. It will be the responsibility of the Safety Supervisor to inform employees of these evacuation routes.

V. EMERGENCY SHUTDOWN PROCEDURE FOR DISASTERS

An emergency shutdown will only be ordered from the highest-ranking member of the Emergency Control Committee. No employee should risk any type of injury to accomplish this task. However, if time permits, the following duties should be performed:

1. All aisles and exit ways should be free of obstructions.
2. The Operations Manager should call Utility to shut off gas lines and the electrical supply. In the event that the Safety Supervisor is unavailable, a member of the Emergency Control Committee

Range Telephone Cooperative, Inc.

Business Continuity and Disaster Preparedness Plan

(ECC) shall take such action.

3. In the event of a disaster or emergency, the following procedures should be put in effect by the Safety Supervisor or other members of the **Emergency Control Committee (ECC)**:

V.1 TORNADO

1. Listen for the latest advisories on the radio.
2. Utilize exterior cameras for outside observation.
3. If necessary, initiate applicable emergency shutdown procedure.
4. Make an announcement over the paging system stating "A tornado emergency exits — please proceed to the basement."
5. Move personnel into the designated tornado safe assembly area within the building – in the basement by the caged area behind the break room. - Once all are assembled, a roll call will be taken.
6. Account for all visitors.
7. After the tornado passes, restore calm and check for injuries.

V.2 SEVERE WEATHER/BLIZZARD

1. Listen; or watch for weather advisories on the radio, television or Internet.
2. Depending on weather severity, e.g., (Mayor shuts down the town for safety reasons etc.), the General Manager will make the determination on whether to initiate emergency office closure.
 - a. Management staff and key office personnel may be required to work remotely (telecommute) if they are equipped to do so. Key employees are defined as those in management and customer contact individuals such as Customer Service Specialists and Operations Technicians including IT. The phones will need to be routed to reach key employees by landline or cell phone.
 - b. For service outages, network personnel will respond when city officials or the Emergency Control committee has deemed it safe to do so.
3. Managers will notify their staff immediately of office closure once the decisions have been made. Each manager should have a copy of all contact names and numbers along with the employee roster.
4. In the event of Department of Transportation (DOT) road closures where the office remains open, staff that are unable to make it to the office will be required to take vacation. In the event that employees do not have accrued vacation they will go negative on the books and future accrual will be used to back fill unavailable vacation balance.

V.3 EARTHQUAKE

An earthquake will usually occur without warning. Due to the suddenness, all personnel should:

Range Telephone Cooperative, Inc.

Business Continuity and Disaster Preparedness Plan

1. Drop to the ground
2. Take Cover
3. Hold On Until the shaking stops
4. Additional information
 - a. If there isn't a table or desk near you, drop to the ground in an inside corner of the building and cover your head and neck with your hands and arms. Do not try to run to another room just to get under a table.
 - b. Studies of injuries and deaths caused by earthquakes in the U.S. over the last several decades indicate you are much more likely to be injured by falling or flying objects (TVs, lamps, glass, bookcases, etc.) than to die in a collapsed building. "Drop, Cover, and Hold On" offers the best overall level of protection in most situations.
 - c. **DO NOT ATTEMPT TO EXIT THE BUILDING - NO ONE SHOULD GO OUTSIDE THE BUILDING.**
5. After an earthquake has stopped, the following procedure should be initiated:
 - a. All employees should help restore calm to fellow employees.
 - b. Emergency Control Committee (ECC) members should check for injuries and provide first aid as needed.
 - c. Evacuate the building immediately following the earthquake. Damage to the structure may have resulted. Proceed to the designated assembly area.
 - d. The Safety Supervisor should check for fires and shut off all gas, electricity, and water at main controls.
 - e. The building should be inspected by a member of the Emergency Control Committee for damage.
 - f. The Emergency Control Committee should then notify proper utility companies or other services as needed.

V.4 FIRE/BOMB THREAT

In the event of a fire, appropriate actions as defined under Section III. A-C. "Office-Wide Evacuation Alarms" shall be taken.

V.5 PANDEMIC

A pandemic is an epidemic disease that spreads to other communities usually beyond national borders. In the event of a pandemic such as Bird Flu or H1N1 the following procedure should be initiated.

1. Listen, or watch for advisories on the radio, television or Internet of an upcoming Pandemic.
2. Once identified the General Manager and/or Control Committee will initiate office closure procedures.
3. The following key employees will have and maintain internet access and phone service so they can telecommute if necessary.
 - a. General Manager
 - b. Operations Manager
 - c. Finance & Administration Manager

Range Telephone Cooperative, Inc.

Business Continuity and Disaster Preparedness Plan

- d. Controller
 - e. IT Supervisor
 - f. Engineering Manager
 - g. Outside Plant Manager
 - h. Central Office Manager
 - i. Customer Service Specialists
 - j. Network Technicians
- 4. In case of pandemic, all calls will be dispatched to the Operations Manager for call out to the technicians.
 - 5. If quarantine goes into effect, technicians will not go beyond the demarcation point at any residence or business.
 - 6. Technicians will wear masks to cover their nose and mouth and can walk away from any trouble where they may be exposed to the virus.
 - 7. Employees who are sick with the virus or other ailment must report their illness to their department head immediately and take leave.
 - 8. Once the pandemic is lessened or the quarantine is removed, all employees will be notified to report back to the office.

V.I HOUSEKEEPING

Good housekeeping will be the responsibility of all RANGE employees and includes the following:

- A. Waste materials are to be discarded in their proper places.
- B. All aisles and exits will be kept clear.
- C. All areas to fire extinguishers will be kept clear for access.
- D. All employees will be instructed and receive an electronic copy on the "Range Telephone Cooperative, Inc. Business Continuity and Disaster Preparedness Plan."
- E. Emergency telephone numbers will be posted at the front desk and in the lower level break room.
- F. The Safety Supervisor will be responsible for instructing employees on how to handle, store, and maintain hazardous materials properly.

V.II CYBER SECURITY

Ongoing Development of the corporate Cyber Security Policy and Procedure following the Communications Security Reliability and Interoperability (CSRIC) and National Institute of Standards and Technology (NIST) framework.

Range Telephone Cooperative, Inc.

Business Continuity and Disaster Preparedness Plan

SECTION 1 EMERGENCY RESPONSE

I. PURPOSE

This Section 1 provides an Emergency Response Plan for restoring communications services following an outage resulting from a disaster or emergency. It also identifies critical communications services requiring immediate restoration to support disaster recovery efforts.

II. DEFINITIONS

In the event of a Disaster or emergency, the warning may come from any one of the following sources: commercial radio or television, civil defense radio, office alarm system, messenger, or police.

A. Disaster or Emergency – A significant event resulting in the partial or entire loss of communications capability within an exchange serving area. A significant event can include any major natural occurrence such as a flood, earthquake, fire, tornado or other severe weather, or an unnatural occurrence such as a bombing, arson, or other terrorist related threat. Other events can include, but not be limited to, an intentional or unintentional fiber or copper cable cut.

B. Emergency Control Committee (ECC) – The RANGE Emergency Response Team is a group of employees designated and assembled to respond to a Disaster or emergency. The RANGE Emergency Response Team consists of the following employees:

1. General Manager
2. Operations Manager
3. Outside Plant Manager
4. Central Office Manager
5. Engineering Manager
6. Commercial Manager
7. IT Supervisor
8. Controller

III. DISASTER /EMERGENCY RESPONSE

A member of the Emergency Control Committee (ECC) shall be contacted immediately upon the report of a Disaster or emergency and the following actions shall be taken:

A. The Committee shall immediately establish the Emergency Control Center and reroute communications as appropriate to this location.

Range Telephone Cooperative, Inc.

Business Continuity and Disaster Preparedness Plan

- B. Contact Federal, State of Montana, and/or Wyoming PSC, City and County authorities
- C. In the event of land-line failure, mobile communications shall be arranged at the Emergency Control Center.
- D. The Committee shall use Email and/or mobile text messaging capability (as available) in the event that voice communications are unavailable.
- E. As soon as it is safe to do so, the Committee shall arrange and dispatch the appropriate resources for restoration of any damaged facilities.
- F. Restoration of essential communication services shall be completed in the following order:
 - 1. "Emergency Services" to include 911 service and local law enforcement, fire department and search and rescue departments.
 - 2. "Essential Services" to include hospitals, doctors offices, medical centers, etc., TOLL trunks and trunk circuits to include mobile phone service trunking.
 - 3. "Public Customer Services" to include city, county, state and federal facilities including schools.
 - 4. "Business Customer Services" to include large and small business customers
 - 5. "Residential Customer Services" to include all remaining communication services

Range Telephone Cooperative, Inc.

Business Continuity and Disaster Preparedness Plan

SECTION 2

SERVICE RESTORATION RESPONSE

I. PURPOSE

Section 2 provides a Service Restoration Response in the event of a major outage. A major outage is defined as any event resulting in a simultaneous disruption of service to ten (10) or more communications customers in an exchange area.

II. PERSONNEL

RANGE personnel within the following departments will be assigned duties as described in Section 2, and are responsible for assuring completion of the Service Restoration Response Process.

ALL	Includes all Personnel
ADMINISTRATION	Includes all Management Personnel
OPERATIONS	Includes all Operations & Engineering Personnel
IT/IS	Includes all Information Technology, Information Services and Internet Personnel
COMMERCIAL	Includes all Finance & Customer Service Personnel

III. RESTORATION RESPONSE AND RESPONSIBLE PERSONNEL

A. Switch Disaster (Voice Switching) - In the event of a loss of circuit switching capabilities due to a disaster or emergency, OPERATIONS shall immediately inform ADMINISTRATION and COMMERCIAL and proceed to contact the Switch Administrator at Range Telephone noted on the supplies and contractors list here to attached as Exhibit A, the cause of the outage and coordinate restoration efforts. Both ADMINISTRATION and COMMERCIAL shall be informed upon successful restoration of the Circuit Switch.

B. Trunking and Interconnection Disaster (Transmission Systems) - In the event of a loss of trunking and interconnection services related to a SONET Systems failure caused by a Disaster or emergency, OPERATIONS shall immediately inform COMMERCIAL and proceed to coordinate efforts with the Affiliated Companies listed in attached Exhibit B, to determine the cause of the outage, and take actions as outlined in the "Fiber Optic Network Affiliate Agreement, Attachment B - Operations and Maintenance". COMMERCIAL shall be informed upon successful restoration of the SONET System.

Range Telephone Cooperative, Inc.

Business Continuity and Disaster Preparedness Plan

- C. Trunking and Interconnection Disaster (Cable Systems)** - In the event of a loss of trunking and interconnection services related to a cable systems failure caused by a disaster or emergency, OPERATIONS shall immediately inform COMMERCIAL and proceed to coordinate efforts with the affiliated companies listed in Exhibit C, hereto attached, as defined in the Fiber Facilities Operation and Maintenance Agreement to determine the cause and location of the outage, and take subsequent restoration actions as defined in the Fiber Facilities Restoration Plan. COMMERCIAL shall be informed upon successful restoration of the cable system.
- D. Commercial AC Power Disaster** - In the event of a loss of Commercial Alternating Current (AC) power caused by a disaster or emergency, OPERATIONS shall immediately confirm the functionality of emergency standby generator systems and then inform ADMINISTRATION of the situation, proceeding to contact the appropriate utility company as identified in the Suppliers & Contractors list, as attached as Exhibit B, to determine the cause of the outage. If Commercial power cannot be restored within a reasonable time, emergency standby generator systems shall be monitored regularly to assure continued power to the DC power systems and backup batteries.
- E. DC Power Systems and Backup Battery Disaster** - In the event of a loss of Direct Current (DC) power systems caused by a disaster or emergency, OPERATIONS shall immediately coordinate efforts to determine the cause of the outage. If DC power cannot be restored due to rectifier failure or destruction, OPERATIONS shall contact Thermobond Buildings as noted in the Suppliers & Contractors List attached as Exhibit B to coordinate restoration, repair or replacement with the power equipment vendor.
- F. Off-Net Private Line and Special Circuits Disaster** - In the event of a loss of Private Line and Special Circuits provided by an off-net carrier due to a disaster or emergency, OPERATIONS shall immediately contact the off-net carrier to determine the cause of the outage. Upon determining the cause of the outage and the estimated restoral time, OPERATIONS shall inform COMMERCIAL of the circumstances. COMMERCIAL will relay the appropriate information to the customer or end user.
- G. Long Distance Service Disaster** - In the event of a loss of Long Distance service as a result of a disaster or emergency, RANGE shall immediately contact ACT, Vision Net, and/or Centurylink as noted in the attached Suppliers & Contractors List to report such outage and to coordinate restoration or repair.

Range Telephone Cooperative, Inc.

Business Continuity and Disaster Preparedness Plan

- H. Internet Service Disaster** - In the event of a loss of Email or web service access due to a disaster or emergency, RANGE shall immediately contact ACT and/or Vision Net as noted on the Supplies & Contractors List as Exhibit B, to assist in identifying the cause of the loss of Email or Web service and inform COMMERCIAL of the outage and approximate time to restore service. COMMERCIAL will relay the appropriate information to the customer or end user.
- I. Digital Subscriber Line Access Multiplexer (DSLAM) and Digital Loop Carrier Systems (DLC) Disaster** - In the event of a loss of DSL and/or voice services relating to a DSLAM or DLC Disaster or emergency, OPERATIONS shall immediately work to determine the cause of the outage. If determined necessary OPERATIONS shall contact the appropriate vendor as noted on the Supplies & Contractors List, Exhibit B, to repair or replace the damaged equipment, and inform COMMERCIAL of the outage and approximate time to repair. COMMERCIAL will notify the customer or end user.
- J. Operations Support Systems (OSS)** - In the event of a loss of Operations Support Systems relating to a disaster or emergency, IT shall be immediately contacted to determine the cause of the outage. COMMERCIAL and ADMINISTRATION shall be informed of the outage and coordinate with the IT Coordinator to determine how long it will take to repair or replace the damaged OSS equipment or Wide Area Network (WAN) connectivity.

Range Telephone Cooperative, Inc.

Business Continuity and Disaster Preparedness Plan

SECTION 3 COMMUNICATIONS AND COORDINATION

I. PURPOSE

Section 3 provides general guidelines for inter-departmental communications and coordination in the event of an disaster or emergency. These guidelines are intended to complement, not supersede, RANGE's existing work procedures. All actions outlined in this section are intended to expedite the repair and restoration of communications services to the community affected by the disaster or emergency.

II. COORDINATION AND STAFFING

Emergency staffing needs and employee scheduling will be determined by the Emergency Control Committee who shall coordinate all restorations and repair oversight from the Emergency Control Center.

Emergency Control Committee responsibilities include the following:

1. Establish a temporary 911 Public Safety Answering Point (PSAP), if necessary
2. Coordinate all communications between restoration and repair personnel
3. Direct and dispatch restoration and repair personnel and all other resources as necessary
4. Provide continued updates to RANGE management personnel and affiliated company management personnel if emergency impacts services delivered in affiliated company areas.
5. Accumulate, evaluate and direct customer trouble reports as necessary to appropriate restoration personnel
6. Inform and update local authorities of communication restoration status.
7. Advise answering service of the nature and estimated duration of the service disruption.
8. Coordinate the availability of mobile communications as required
9. Coordinate the availability of network records as required

A. ADMINISTRATION responsibilities include the following:

1. Assist the Emergency Control Committee as requested
2. Control media and coordinate the delivery of General Manager press releases
3. Notify regulatory agencies as required (Public Service Commission)

B. OPERATIONS responsibilities include the following:

Range Telephone Cooperative, Inc.

Business Continuity and Disaster Preparedness Plan

1. Establish communications between the nearest location to the disaster or emergency and the Emergency Control Center
2. The first responding OPERATIONS employee shall serve as the Field Coordinator and shall be the single point of communications between the location of the disaster or emergency and the Emergency Control Center until a supervisor or manager can be dispatched to the location
3. Perform all restoration and repair work in the affected area(s)

C. IT/IS responsibilities include the following:

1. Establish communications between the nearest location to the disaster or emergency
2. The first responding IT employee shall serve as the Field Coordinator and shall be the single point of communications between the location of the disaster or emergency and the Emergency Control Center until a supervisor or manager can be dispatched to the location
3. Initiate immediate action to restore affected Internet hardware including routers and switches
4. Perform all restoration and repair work in the affected area(s)

D. COMMERCIAL responsibilities include the following:

1. Establish communications between the contract answering service as noted on the Supplies & Contractors List, attached as Exhibit B, and the Emergency Control Center
2. Communicate the status of the disaster or emergency to the contract answering service
3. Communicate the status of the disaster or emergency to customers reporting service outage
4. Record all customer reports on service outage and forward to the Emergency Control Committee for the appropriate action
5. Assist the Emergency Control Committee with customer calls to confirm restoration of service
6. Provide assistance as requested by the Emergency Control Committee

Tribal Engagement Summary 2016- 2017

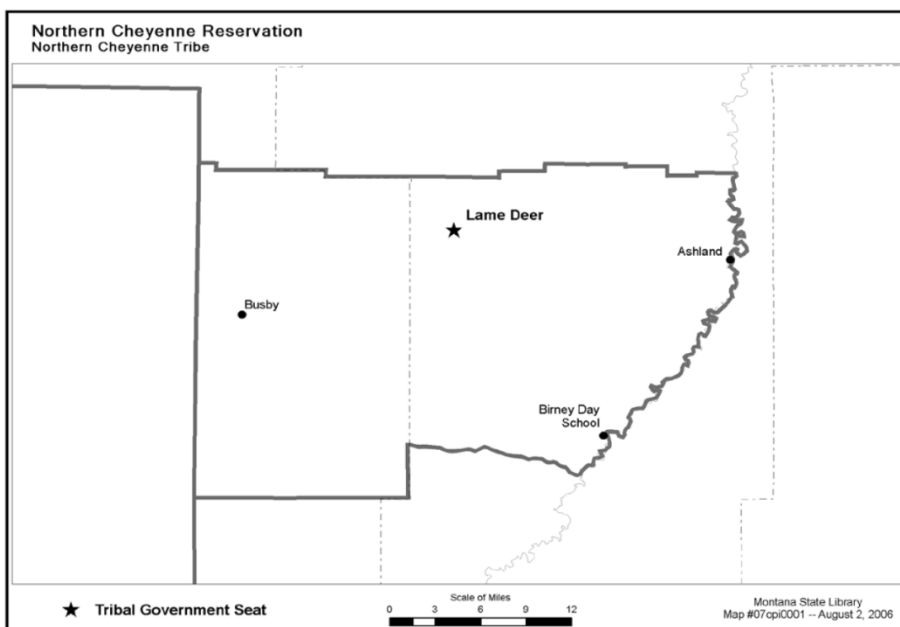

Range Telephone Cooperative, Inc.

The Northern Cheyenne and Crow Indian Reservations are located in southeastern Montana. Range Telephone Cooperative's service territory encompasses the entire Northern Cheyenne Indian Reservation and a small geographic area of eastern Crow Indian Reservation (*see map below.*)

Northern Cheyenne Indian Reservation

Location- The Northern Cheyenne Reservation, situated in southeastern Montana, lies within the counties of Big Horn and Rosebud. The Crow Reservation borders it on the west. The reservation consists of open ponderosa-pine plateau and valley country with an annual rainfall of approximately 16 inches. The topography ranges from about 4,800 feet to a low of a little less than 3,000 feet. The reservation headquarters and the center for business activities and population are in Lamont. The reservation itself is divided into five districts; Busby, Lamont, Ashland, Birney, and Muddy (*see map below.*)

Land Status- The Northern Cheyenne Indian Reservation is 444,000 acres in size with approximately 73% under tribal ownership, 25% under individual tribal enrollee allotment ownership and 1% under fee title or State of Montana ownership. There are approximately 7,374 enrolled members of the Northern Cheyenne Tribe with approximately 4,199 tribal members residing on the reservation.

Housing- The availability of housing on the Northern Cheyenne Reservation has improved in recent years because of federal housing programs similar to other tribes in Montana. To date, the Northern Cheyenne HUD program has been transformed into the Native American Housing Self-Determination Act (NAHSDA). This Act allows the Northern Cheyenne to become more self-sufficient through block grants from HUD. There are 525 mutual help homes and 299 low rent homes that have been built since the inception of federal programs on the reservation. Currently, the tribal housing authority is looking into tax credit homes and home ownership rather than continuing with mutual and low rent homes. Through NAHSDA, the Housing Authority on the Northern Cheyenne operates on an annual budget of \$3.1 million.

Medical Facilities - An Indian Health Service (IHS) clinic was recently built to replace the old clinic lost to fire. The new clinic opened in 1999 and is located in Lama Deer, Montana. The clinic provides medical doctors, dentists, nurses, sanitation personnel, nutritionists, Well Child personnel, and others. It has been modified and expanded to include the mental and physical needs of the reservation and non-Indian communities. The nearest Indian Health Service hospital is at Crow Agency, 45 miles west of Lama Deer, Montana. The nearest specialized facility, other than the Crow hospital is at Billings (110 miles from Lama Deer). Other medical facilities not on the reservation include places such as Colstrip, Hardin, and Forsyth.

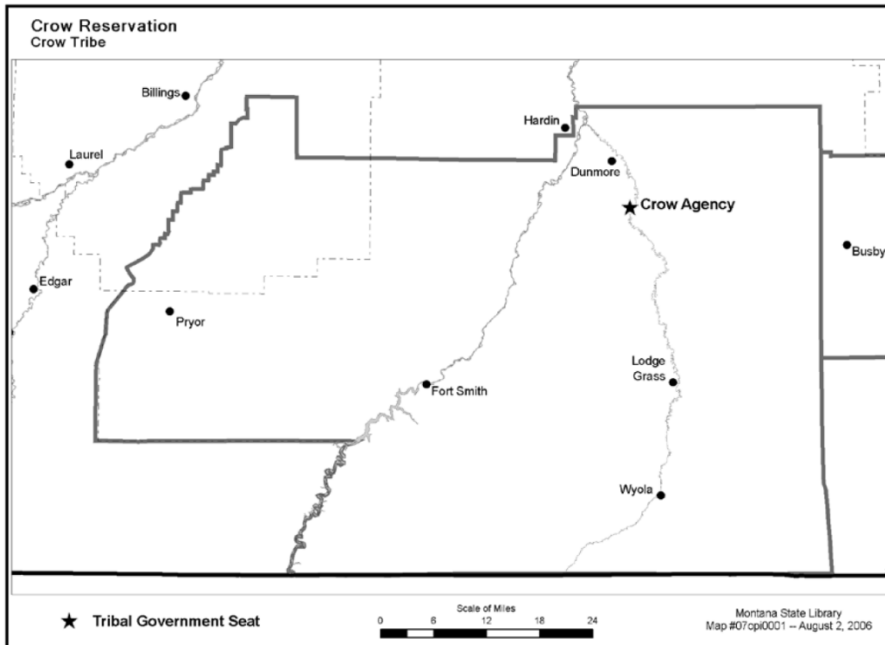

Education - Elementary students are served by six schools: St. Labre Indian School and Ashland Public School, both in Ashland; Lama Deer Public High and Elementary School, Lama Deer; Northern Cheyenne Tribal School, Busby; Hardin Public School, Hardin; and Colstrip Public School, Colstrip, Montana. Both St. Labre Indian School and Ashland Public School border the eastern part of the reservation approximately 20 miles from Lama Deer. The Northern Cheyenne Tribal School is located 16 miles west of Lama Deer near the western border of the reservation in the community of Busby. Hardin Public School is approximately 55 miles west of Lama Deer. Colstrip Public School is located approximately 25 miles north of Lama Deer. All schools that serve the Northern Cheyenne Reservation have buses that run on a daily basis to and from school. Increasingly, culture and language are being emphasized at most schools that serve reservation students.

Chief Dull Knife College (CDKC) serves as the tribal community college on the Northern Cheyenne Reservation. The college is named after one of two chiefs instrumental in returning the northern group back to Montana from Oklahoma. The college was originally chartered in September 1975 by Tribal Ordinance as the Northern Cheyenne Indian Action Program Incorporated (IAP). Funding was granted by the Indian Technical Assistance Center of the Bureau of Indian Affairs. Today, CDKC is an open-admission, community-based, comprehensive, tribally controlled community college and land grant institution designed to provide quality educational opportunities to reservation and surrounding communities. CDKC's financial support includes Bureau of Indian Affairs' funds, grants foundations, and partnerships with other institutions.

Employment and Income- Major employers on the reservation include St. Labre Indian School, the federal government, tribal government, PP & L (an electrical power producing plant formerly operated by Montana Power Company) of Colstrip, Western Energy Company, and the local and surrounding public schools including CDKC. The branch of Forestry of the Bureau of Indian Affairs is another source of employment, particularly during the fire season. Unemployment fluctuates and is usually anywhere from 60 to 75 percent.

Crow Indian Reservation

Location— The Crow Indian Reservation encompasses a 4,989 square mile area or 3.8 million acres mainly in Big Horn County, in south central Montana. The Crow Reservation is nearly the same size as the entire state of Connecticut. The Crow Reservation is divided into six districts for cultural and Crow governmental purposes. They are: Reno, Lodge Grass, Pryor, St. Xavier, Wyola, and Black Lodge districts (*see map below.*)

The Crow Reservation has three mountainous areas, the Big Horn Mountains and the Pryor Mountains to the south/southwest, and the Wolf Teeth Mountains to the southeast. These mountain ranges meet the plains and valleys producing varied topography. In addition to the high mountains, the reservation includes gravelly or stony slopes, broad hilltops with soils generally capable of supporting and maintaining excellent vegetative cover, level and productive irrigated valleys along the Big Horn and Little Big Horn Rivers and Pryor Creek, deep canyons, and extensive areas of rolling plateau.

The nearest service center is Hardin, Montana, immediately adjacent to the reservation's northern boundary where restaurants, shops, and motels are available. However, the biggest retail and business center for the Crow Tribe is Billings located 90 miles north of Crow Agency, Montana.

Land Status— The Crow Indian Reservation is 2,464,914 acres in size with approximately 18% under tribal ownership, 51% under individual tribal enrollee allotment ownership and 31% under fee title or State of Montana ownership. There are approximately 10,333 enrolled members of the Crow Tribe with approximately 7,153 tribal members residing on the reservation.

Housing— Housing conditions on the Crow Reservation are poor. Currently, there are 1,223 housing units across the reservation. Unfortunately, 75 percent of these housing units are considered to be substandard. Since 1971, approximately 250 HUD financed housing units have been constructed on the Crow Reservation. Another 534 cluster homes were built in 1987 in the towns of Crow Agency, Lodge Grass, Pryor, and Wyola. Overcrowding continues to be a serious problem on the reservation with two to three families living in one home. However, an estimated 2,500 new homes are needed to meet the current needs for new and replacement construction.

Medical Facilities -The Indian Health Service operates a new 50-bed hospital with complete inpatient care located one mile south of the Crow Agency. In addition, the outpatient facilities provide dental, vision, surgical, and special clinics once a month. Satellite outpatient services are available at the Lodge Grass and Pryor Clinics. Also, a dialysis center and a 30-patient nursing home are adjacent to the hospital. The health care facilities also serve members of the Northern Cheyenne Tribe located 30 miles east of the Crow Reservation.

Education - Since 1900, the Crow Tribe of Indians preferred public education for its children. Around 1920, the Crow Tribe of Indians set aside land to “pay” for the privilege of having public schools on the reservation. Currently, there are four elementary (K-8) districts and three high school (9-12) districts on or adjacent to the Crow Reservation. These school facilities are situated at Crow Agency, Lodge Grass, Ft. Smith, Wyola, Pryor, and Hardin. In addition, Crow students attend two private parochial schools, St. Xavier Mission at St. Xavier and St. Charles Mission at Pryor, Montana. The total on-reservation Indian student population is estimated at 1,500 students.

In 1980, the Crow Tribe chartered Little Big Horn College which is located in Crow Agency, Montana. The college received candidacy for accreditation in 1984. The college received full accreditation in 1990 by Northwest Accreditation Commission for Schools and Colleges.

Employment and Income - According to the Bureau of Indian Affairs Labor report for 1999, there were 3,965 individuals in the potential labor force. Of these, 1,531 people (16 to 64 years of age) were employed, while 2,371, or 60 percent were unemployed. Unemployment reaches its peak of an estimated 85 percent during the winter months. The average annual unemployment rate on the reservation has held above 60 percent in recent years and has not dropped below 39 percent since 1976.

The economy of the Crow Reservation remains based almost entirely upon government services to the people and agriculture, farming, and ranching, although few tribal members are self-sustaining in these activities. The high winter unemployment is relieved to some extent in the spring and summer with farming, ranching, and construction work. The curtailment of the federal public service job programs in the 1980s has contributed to a sustained rise in the annual unemployment rate. Over 75 percent of the on-reservation Indian population has income below the current federally established poverty levels.

Principal employers in the existing economy are the Bureau of Indian Affairs, Indian Health Service, Tribal Government, coal mining operations, farming, ranching, and education related services. Income from leasing of trust lands represents the major income resource for most on-reservation tribal members.

2016 - 2017 Tribal Engagement Highlights

Feasibility and sustainability planning;

Engineering planning and design is a continuous process as technologies for delivering broadband services evolve.

Marketing services in a culturally sensitive manner;

Range Telephone advertises available services in regional news print and radio stations available on the Northern Cheyenne and Crow Indian Reservations. In addition, Range’s sales and marketing team spends 2-3 days each month working with Tribal entities and visiting business on the reservations to ensure that our services are meeting their needs. This involves going over our current promotions, surveying their needs for communication services and doing installations of customer premise equipment.

Compliance with Right of way processes

The right-of-way process is coordinated with the Bureau of Indian Affairs (BIA) Realty Office and the Tribal Lands Committee on all projects requiring construction on the Northern Cheyenne and Crow Indian Reservations.

Compliance with Land use permitting requirements

Land use permitting requirements are assured through close interaction with the Bureau of Indian Affairs (BIA) Realty Office and the Tribal Lands Committee on all projects requiring construction on the Northern Cheyenne and Crow Indian Reservations. The Range engineering team works with the Bureau of Indian Affairs and Northern Cheyenne Tribal entities on a monthly basis when engineering line extensions to tribal members. This involves ensuring that we obtain the necessary right-of-way approvals and permits. See attached for an example of our request to obtain right-of-way for 2017 projects.

Compliance with Facilities Siting rules

Range Telephone coordinates all facility siting with tribal authorities such as the Natural Resources Board and Cultural Commission. As a Rural Utilities Service (RUS) borrower, Range Telephone is in strict compliance with tribal and federal regulations regarding the preservation of cultural resources.

Compliance with Environmental Review processes;

Range Telephone coordinates all construction activities with the Bureau of Indian Affairs (BIA) and Tribal authorities such as the Natural Resources Board governing environmental protection. Range Telephone Cooperative, Inc. uses the Tribal Directory Assessment Tool available through HUD.gov to assure the appropriate tribal contacts are notified about scheduled RUS funded modernization projects.

Compliance with cultural Preservation review processes;

Range Telephone coordinates all facility siting with tribal authorities such as the Natural Resources Board and Cultural Commission. As a Rural Utilities Service (RUS) borrower, Range Telephone is in strict compliance with tribal and federal regulations regarding the preservation of cultural resources. Range Telephone Cooperative, Inc. uses the Tribal Directory Assessment Tool available through HUD.gov to assure the appropriate tribal contacts are notified about scheduled RUS funded modernization projects.

Compliance with Tribal Business and Licensing requirements;

Range Telephone works with the Tribal Employment Rights Office (TERO) to assure that non-tribal member employees working on the reservation are adequately licensed to do so. Range Telephone also requires contractors providing it services to assure that their employees are properly licensed by TERO. See attached business license.

Scholarships and Donations:

Range Telephone makes educational scholarships available to its cooperative base and qualifying family members, many of which awarded to tribal members. Range Telephone also awards multiple donations each year to Northern Cheyenne Reservation organizations for various Pow-Wow's and other community events.

President L. Jace Killsback
PO Box 253
Busby, MT 59016

Dear President Killsback,

RE: Collaboration to improve Broadband Service on the Reservations

In reading the article in the Forsyth paper January 5th, "Tribal leaders featured on the state-wide radio program" I was enthused to read of your plans and intent to improve services on the reservation.

I am writing you today to reach out to see what we can do together to provide the reservation with the broadband services it needs. As you are well aware a key component to economic development in any community is access to adequate broadband services.

Every year Range Telephone budgets dollars to replace and expand its facilities to improve broadband to the reservation. Every year we push the dollars out to the following year because we are unable to get the necessary rights of way and permits to do so. This has been, and continues to be, the case year after year.

Operating in this part of the country we have become accustomed to the delay and bureaucracy of the Federal Government. Unfortunately, in most cases the customer is the one who has their service delayed indefinitely.

I would like to meet with you to discuss our plans and specific issues we encounter on the reservation. We want to work with you to see if your efforts can help expedite the construction that we need to do to bring telecommunications services to the reservation.

I hope Range Telephone can be a part of your overall plan to improve and overcome the issues the reservations face today.

I can be reached at 406-347-2226 or mike.dolezal@rangetel.coop

Thank you for your time and I look forward to hearing from you at your earliest convenience.

Regards,

Mike Dolezal
CEO/General Manager

TRIBAL EMPLOYMENT RIGHTS OFFICE
Northern Cheyenne Tribe
Lame Deer, Montana

CERTIFICATE OF AUTHORIZATION

This is to verify that Range Telephone Cooperative, Inc.

is certified through the Northern Cheyenne Tribal Employment Rights Office
to perform work on the Northern Cheyenne Reservation

Contractor/Supplier has fulfilled the requirements for

Certification as a NON-NATIVE AMERICAN OWNED entity.

Certification is effective for one year from this date.

Lavonne King, Director

March 21, 2017

Date

Certificate No. 2017-1077

Range Telephone Cooperative, Inc.
Annual 54.313 Report of High-Cost Recipient

Voice Services Comparability Report

Pursuant to 47 CFR §54.313(a)(10) Range Telephone Cooperative, Inc., (Range) is in compliance with the requirement that residential voice service is no more than two standard deviations above the national average urban rate for voice service of \$49.51 as specified in Public Notice DA 17-167 issued on February 14, 2017. Range's current total local end-user rate¹ of \$19.55 is not above the standard deviation as specified in the USF/ICC Transformation Order.²

¹ Local End User Rate as defined in USF/ICC Transformation Order 26 FCC Rcd at 17751, Para. 238

² USF/ICC Transformation Order, 26 FCC Rcd at 17694, Para. 84 (footnote included) "The standard deviation is a measure of dispersion. The sample standard deviation is the square root of the sample variance. The sample variance is calculated as the sum of the squared deviations of the individual observations in the sample of data from the sample average divided by the total number of observations in the sample minus one. In a normal distribution, about 68 percent of the observations lie within one standard deviation above and below the average and about 95 percent of the observations lie within two standard deviations above and below the average."

Range Telephone Cooperative, Inc.
Annual 54.313 Report of High-Cost Recipient

Broadband Services Comparability Report

Pursuant to 47 CFR §54.313(a)(12) Range Telephone Cooperative, Inc., (Range) is in compliance with the requirement that the price of broadband services are no more than the most recent applicable benchmarks as specified in Public Notice DA 17-167 issued on February 14, 2017. Range's current pricing for each speed option compared with the applicable speed is as follows:

Download Speed (Mbps)	Upload Speed (Mbps)	Usage Allowance	Benchmark	Range Price
10	1	Unlimited	\$77.98	\$45.00
30	10	Unlimited	\$93.49	\$55.00
50	20	Unlimited	\$100.52	\$85.00

Range Telephone Cooperative, Inc.
Annual 54.313 Report of High-Cost Recipient

Lifeline Terms and Conditions

Range Telephone Cooperative, Inc. (Range) offers Lifeline discounts on its residential phone service to qualifying subscribers. Residential telephone service costs \$19.55 per month and includes unlimited local minutes. Toll charges are assessed by the long distance provider selected by the subscriber. Range provides toll blocking service to Lifeline eligible subscribers at no charge. Lifeline eligible subscribers that choose toll blocking service are not required to pay a deposit for their service.

Ms. Marlene H. Dortch, Secretary
Federal Communications Commission
9300 East Hampton Drive
Capitol Heights, MD 20743

RE: WC Docket No. 14-58, 2018 Annual Report, Form 481 for High-Cost Recipients 54.313(f)(1)
"Certification of Public Interest Obligations"

Dear Ms. Dortch:

In compliance with the filing requirements associated with and attached to Form 481, I hereby advise the Commission that Range Telephone Cooperative, Inc. provides high speed Internet service to its customers and:

- has taken reasonable steps to provide, upon reasonable request, broadband speeds of at least 10 Mbps downstream/1 Mbps upstream;
- provides latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to offerings in urban areas; and,
- that reasonable requests for such service are met within a reasonable amount of time.

If you have any questions, I may be contacted at 406-347-2226.

Sincerely,

Mike Dolezal
CEO
